

4/24/2009

Dear Tami and Teri – I really enjoyed working with your company for our (3) outdoor patio lounge seating areas at our PF Changs China Bistro restaurants here in Arizona. Your patio lounge furniture is very comfortable and easy to move around which provides us endless flexibility in seating arrangements.

The challenge we face here in Arizona is the heat especially if your patio is not covered. Because the majority of your surface area is outdoor fabric, it's simple to clean and does not get extremely hot to the touch in the sun.

Thank you also for standing by your products whenever we have R&M issues our in the field and accommodating our design needs. It's a pleasure to work with you both.

Sincerely, Lani Duckworth
